

PELASPAN® AND Styrofill®
SAFE, SIMPLE AND
FLEXIBLE

PELASPAN® AND Styrofill® IS RELIABLE ALL-AROUND CUSHIONING FOR THE PERFECT PROTECTION OF YOUR PRODUCTS.

Storopack's PELASPAN® and Styrofill® Loose Fill offer safe, simple, and flexible protection for your goods, regardless of how big or heavy they are. That's because the pourable packing material is made from expanded polystyrene (EPS), which fills all the void and reliably protects products – even when exposed to heavy pressure. The benefits of these cushioning materials are: They're easy to use and versatile, affordable and antistatic, and can be stored for an indeterminate amount of time. Made from EPS, PELASPAN® and Styrofill® are recyclable, do not pollute groundwater, and are manufactured without CFCs. Storopack's Loose Fill can also be integrated into existing processes with ease. Storopack's packaging specialists can develop individual solutions for you and help you with the integration process.
