

**PRODUCTS MADE FROM RENEWABLE
OR RECYCLED MATERIALS**
SUSTAINABLE AND PLASTIC TAX EXEMPT

STOROPACK OFFERS SUSTAINABLE SOLUTIONS FOR THE UK PLASTIC PACKAGING TAX.

At Storopack we aim to use as much recycled plastic packaging as possible to support circular economy. This is aligned with the objectives of the UK Plastic Packaging Tax that came into effect in April 2022. To relieve your business Storopack has a range of recycled plastic tax efficient solutions. AIRplus® 100% Recycled and AIRplus® Recycle made from at least 50% recycled content

air cushions as well as PELASPAN® Loose fill are environmentally friendly and recyclable. These products can be added to the recycling loop and less plastic waste reduces CO₂ emissions. Storopack also provides a range of products made from renewable materials including PELASPAN® BIO to protect the environment and natural resources.

STOROPACK PRODUCTS EXEMPT FROM THE TAX

- ▶ AIRplus® 100% RECYCLED
- ▶ AIRplus® RECYCLE - AT LEAST 50% RECYCLED CONTENT
- ▶ PELASPAN® - MADE FROM 100% RECYCLED CONTENT
- ▶ PELASPAN® BIO - MADE FROM STARCH
- ▶ PAPERplus®
- ▶ PAPERbubble®

PLASTIC PACKAGING TAX

The Plastic Packaging Tax came into effect in April 2022 in the UK. It is charged at a rate of £200 per metric tonne of chargeable plastic packaging components of a single specification. This tax applies to UK manufactures and importers of plastic packaging, business customers of manufacturers, and consumers who buy plastic packaging or goods in plastic packaging in the UK, whether the packaging is unfilled or filled. It does not apply to any plastic packaging which contains at least 30% recycled plastic, or any packaging which is not predominantly plastic by weight.

STOROPACK – PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

SUSTAINABILITY MEANS RELYING ON INNOVATIVE SOLUTIONS.

Our mission is to provide perfect protective packaging and first-class molded parts. For this purpose new, more sustainable raw materials are a great way to protect the environment and natural resources. This is why many of our products are made using renewable or recycled materials and can be recycled after use.
